One copy of said plans shall be retained by the Declarant. Written approval or disapproval of a submitted design, shall be given within thirty (30) days after submission of plans, specifications and plot plan.

6. No noxious or offensive activities shall be carried upon any part of the Lots, nor shall anything be done thereon which may be or become an annoyance or nuisance to other owners or occupants of the Lots. No trailer, basement, basement house, tent, shack, barn or other outbuildings erected on the Lots shall at any time be used as a residence, temporarily or permanently. No animals, livestock or poultry of any kind shall be raised, brought or kept on the Lots, except that dogs, cats or other household pets are permitted, provided they are not kept, bred or maintained for commercial purposes. All buildings, outbuildings, structures and improvements shall be properly maintained at all times. Grass or cover crops shall be maintained on all land and all weeds, grass and cover crops shall be mowed regularly and weeds shall not be allowed to go to seed. No debris, junk or unsightly accumulation of materials shall be allowed on any Lots covered by these covenants.

7. There is hereby reserved an easement for the installation, operation, maintenance and use for utilities (telephone, gas, electricity, water, sanitary sewer and cable television), over, under and across the north fifteen (15) feet of Lots 2, 3, 4, 5 and 6.

8. There is hereby reserved an easement for a water well on the east twenty (20) feet of the south twenty (20) feet of that part of Lot 1 described herein. The owners of the Lots shall have the right to use the water in the well now located on that part of Lot 1 described herein to the same extent as the Declarants. The water from the well shall be used only for domestic, noncommercial livestock and noncommercial irrigation purposes.

9. There is hereby established the Ruth's Addition Owners Association consisting of the owners of the Lots. The lot owners shall meet on August 1, 1991 at the call of one or more owners and on the first day of August each year thereafter or at such other time as the lot owners may establish. At the meeting, the owners shall elect a President, Secretary and such other officers for the owners association as they shall determine to be necessary and expedient. At the meeting, the owners may adopt such rules, regulations and procedures as they deem necessary or expedient to reasonably carry out the terms and requirements of these covenants.

The presence in person or by proxy of a majority of the owners shall constitute a quorum at all meetings of the Association. Each legal lot owner shall have one (1) vote for each lot owned. In the event of multiple ownership of any lot, there shall be only one vote per lot.

The Association shall have the power to, and be responsible for, the following:

(a) The Association shall have the duty to care for and maintain William Street and operate and maintain the well located on Lot 1, water mains (to the stop valve on each lot), pumps, and any other appurtenances thereto and provide electricity therefor. The duty to maintain William Street shall be borne by the Association only until such time as Washington County, Nebraska undertakes to maintain it.

(b) The Association shall establish an annual budget for the projected costs to maintain William Street and the well. There shall also be established the contribution of each owner required to meet the expenses of the annual budget. Each owner shall be required to pay a pro rata share of the expenses of the annual budget. The pro rata share shall be determined on a per lot basis and not on an acreage basis. The owners shall establish whether such assessments are to be paid in installments or in one lump sum and shall establish the dates for paying the same.

(c) At such time as all of the Lots are no longer owned by the Declarants then, upon a majority vote of the members of the Ruth's Addition Owner's Association, there shall be installed a separate meter for each lot to measure the volume of water used by each lot. Thereafter, all costs incurred by the Association for maintaining the well as aforesaid shall be allocated to each lot owner based upon each lot's water usage as established by the meter compared to the total water usage for all of the lots. The cost of the

installation of separate meter to a lot shall be borne by the Association.

(d) In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of William Street or the well, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of the lot owners who are voting in person or by proxy at a meeting duly called for this purpose. Written notice of any meeting called for the purpose of taking any action authorized herein shall be delivered either personally or by mail to lot owners not less than 10 days nor more than 50 days in advance of the meeting.

(e) Any assessments that are not paid when due shall constitute a lien against the lot charged therewith until paid. The lien for the assessments shall be subordinate to the lien of any first mortgage or deed of trust. Either the Association or any individual owner shall have the right to enforce the provisions for the payment of assessments to maintain William Street and the well, including foreclosure.

(f) In the event any owner of any lot does not maintain a weed eradication program as required by paragraph 6 of these Covenants, then the Association shall have the right to enter upon such lot to spray or mow weeds and shall assess the owner of the lot for the cost of spraying or mowing. The assessment shall be a lien upon the lot until paid.

(g) The Association may delegate to one or more of their members the authority to hire and dismiss the personnel or contractors necessary for the care, upkeep and maintenance of the road and well.

(h) All assessments shall be collected by the Secretary of the Association and the proceeds therefrom shall be deposited in a separate bank depository to be approved by the Association. Assessments shall be used only to pay for the care, upkeep and maintenance of William street and the well, professional fees and enforcement costs of these covenants.

10. Except for utility easements, and paragraph nine (9), these covenants may be amended after July 1, 1993 by vote of four (4) of the legal titleholders of the six (6) lots at a meeting called by any owner for that purpose. Each legal lot owner shall have one (1) vote for each lot owned. In the event of multiple ownership of any lot, there

shall be only one (1) vote per lot. Prior to July 1, 1993 these covenants may be amended unilaterally by the Declarant, or their designee, if they, in their sole discretion, deem it necessary or advisable to do so.
